General information

With a total area of 431 square kilometers, Bridgetown, the capital, is the touristic and hotelier epicenter of the island. In Barbados you can enjoy a tropical climate; you will not want to miss its paradisiacal beaches of white sand, colorful landscapes and a cultural agenda with plans. It is located in the smaller Antilles, is the most easterly of the islands being located east of Santa Lucia and of Saint Vincent and the Grenadines.

Total area: 430 km²

Population: 98.725 (2BBD = 1USD aprox)

Demonym : Barbadian

Currency: Dollar of Barbados

Official language: English

Schedule: GMT-4

Things to do in Barbados

• Enjoying beaches:

Along 34 kilometers, the island has 60 public beaches of white sand bathed by a crystalline and turquoise sea, and also offer plenty of scenarios to relax in the midst of an environment full of tranquility. For those who want to practice water sports such as kitesurfing and windsurfing, the beaches of the north are ideal; if what you are looking for is surfing, go to the beaches on the east side; and if your plan is diving, those of the west are the most indicated.

• Venture in nature:

Harrison's Cave is a natural underground maze located in the center of The Island. Discovered at the beginning of the 18th century, The Harrison cave is considered one of the most beautiful places on the planet and offers the opportunity to immerse yourself in the beauty of its stalactites and stalagmites, underground rivers and incredible rock formations. It is a well organized place, with an illumination that makes the view more interesting. The ride is done by electric tram to reduce the impacts caused by the tourist activity, an excellent option for all ages and with easy access for the disabled.

• Purchases

Barbados visitors can buy imported products tax-free, such as duty-free, just by showing their passport.

There are all kinds of shops, from the simplest, with local products and souvenirs, to shopping centers such as the Limegrove with exclusive stores such as Cartier, Michael Kors, Armani among others and if you are looking for handicrafts, Pelican Village is the ideal place to find them.
